Family 

“We work 8 hours a day,
5 times a week, to provide
for our family’s needs
Because we LOVE them .”

As we are very much FOCUS with our work to provide for their needs, we tend to FORGET the most important aspect, YOURSELF!!!.

Without YOU, NO income.

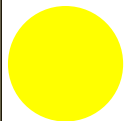

Without YOU, NO support for the family.

Without YOU, the family will SUFFER financially.

WHAT SHOULD

I Do

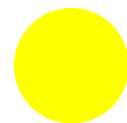

By following the **BASICS of FINANCIAL PLANNING**,
the foundation is to **PROTECT YOURSELF** at all times.

**PROTECT

5. **Rico Yan** (died at age 27, March 29, 2002)

At the time of his death, Rico Yan's last film (*Got 2 Believe*) was still buzzing. Fellow actor Dominic Ochoa found Yan's body in his hotel room at the Dos Palmas Resort in Palawan. News broke out quickly, and the autopsy revealed that the young actor had suffered a **cardiac arrest** in his sleep. Throngs of people attended his funeral, with the public mourning the loss of a talented actor and a promising leader for the youth.

'Tado' **Jimenez** (died at age 39, February 7, 2014)

All we know is that, **DEATH** is certain,
we just don't know when will it happen.

Let us consider these facts.

What's on the market

For basic vehicles on the lower end of the price scale, the average cost of a good car insurance policy may range from around PHP 12,000 to PHP 20,000 per year. Note that premiums may cost even higher depending on your car's value and type, i.e. whether it's a sedan, sports car, or an SUV.

If the **CAR** gets insurance for Php 12k-20k per year, why can't your **LIFE** be insured???

Which is more important?

CAR or LIFE???

If I can spend thousands of peso for my **VACATION, CLOTHES, BAGS, POSTPAID LINES, SHOES, PARTY**, etc.

Why can't I spend a single centavo for my **LIFE's protection**???

A man who dies
without adequate life
insurance should have
to come back and see
the mess he created.
